CENTRAL INTELLIGENCE AGENCY

WASHINGTON, D.C. 20505

OLC 76-3564  
6 December 1976

Mr. Jack Brady, Senior Consultant  
Committee on International Relations  
House of Representatives  
Washington, D.C. 20515

Dear Jack:

We appreciate your willingness to speak to our Intelligence Process Course. The briefing will take place on 15 December 1976 from 0900 to 1030 hours, in Room 912 of our Chamber of Commerce Building.

The purpose of the five-week Intelligence Process Course is to give new professional intelligence officers a thorough and integrated view of intelligence collection, processing and production. Your experiences in Congress and in particular on your Committee as intelligence consumers would be of interest to the students. It would be practical and realistic if you could also trace the changes that have taken place over the years in intelligence reporting, especially with respect to covert action findings. The students will probably want to get your ideas on other aspects of the relationship between CIA and Congress so some time should be allowed for questions.

The Chamber of Commerce building is located on North Fairfax Drive in Arlington in the vicinity of Parkington Shopping Center. Because of Metro construction you should go west on Wilson Boulevard to Woodrow Street (2nd Street after crossing Glebe Road). Turn right on Woodrow and the Chamber of Commerce Building will be one block on your right. Turn right into a small parking lot. Space number 4 has been reserved for you.

Once again, we appreciate your speaking to our people.

Sincerely,

Office of Legislative Counsel
